

CME INFORMATION

EASTERN PAIN ASSOCIATION 58TH ANNUAL MEETING NEW YORK, NY DECEMBER 2, 2023

Target Audience

This activity is designed to meet the educational requirements for Pain Medicine providers and trainees on a path toward Pain Medicine.

Educational Goal

The purpose of this educational activity is to empower healthcare professionals, particularly those in the field of pain medicine, with the knowledge, skills, and strategies required to advance patient care through the latest developments in pain management and cutting-edge research. By achieving this goal, we aim to enhance the quality of patient outcomes, improve the competence of healthcare providers, and contribute to the overall advancement of pain medicine and patient-centered care.

Learning Objectives

- Discuss the latest advancements in cancer pain management, addressing the need to improve knowledge in oncology pain treatment.
- Examine emerging research and innovations in pain medicine, enhancing competence in staying updated with cutting-edge pain management techniques and technologies.
- Evaluate the effectiveness of implantable devices like spinal cord stimulators in chronic pain management, influencing behavior towards the adoption of these technologies in patient care.
- Analyze case studies involving the use of implantable devices, facilitating the improvement of patient outcomes through the application of evidence-based approaches in pain medicine.

Accreditation

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of *CMEsolutions* and Eastern Pain Association, Inc.
